Higher Education and New Technologies H. Oosthoek 2013-10-22 This volume contains the proceedings of the 5th Congress of the European Association for Research and Development in Higher Education (EARDHE) and the Dutch Association for Research and Development in Higher Education (CRWO). The focus of the Congress was the application of new technology both in the fields of teaching/learning and in management organization and administration. Though teaching and learning are the core fields of interest, this work reflects the growing importance of R & D in university management, planning and organization. Three main themes are discussed: the influence and consequences of new technologies for learning and instruction, the influence and consequences for management and institutional structures and the possibilities of new technologies in developing countries.

Lord of the Flies William Golding 2003-12-16 Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from

civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

Introduction to Sociology 2e Heather Griffiths 2017-12-31 Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sadler, Sally Vyain, Jeff Bry, Faye Jones
